5. Claims made/claims occurring

Cover under the RPA generally operates on a 'claims occurring' basis'; as long as the incident giving rise to a claim occurs during the Membership Year then RPA will respond, even if the claim is notified outside of the Membership Year.

Sections 5 and 6 operate on a 'claims made' basis. For RPA to respond the claim must be notified to the Third Party Administrator during the Membership Year.

This mirrors the cover generally provided by the commercial insurance market and avoids potential gaps in cover for Members joining the RPA in circumstances where a claim arises from an incident that occurred prior to the Member joining the RPA and of which they were previously aware.

It is important that when moving from a commercial insurer to RPA that a Member provides notification to their insurer of any incident that they are aware of that could give rise to a claim before their commercial insurance period lapses.

The RPA will consider providing an indemnity to a Member for claims that are normally dealt with on a 'claims occurring' basis under RPA (namely sections 1, 2, 3, 4, 7, 8, 9, 10, 11, 12 and 13) but where a Member has previously purchased an insurance policy covering the risks covered by these sections of the RPA on a 'claims made' basis.

Claims will be considered at the request of the Member who will be required to provide evidence of the insurance cover previously purchased. Claims will not be considered in the following circumstances:

- i) where the applicable 'claims made' policy was taken out or inception after the date the consultation exercise on proposed changes to the RPA with effect from September 2016 was commenced (18 December 2015)
- ii) for any claim where the cause of such claim occurred or was alleged to have occurred prior to the date of the signing of the funding agreement for the relevant academy
- iii) to the extent that an indemnity is provided by an insurance policy
- iv) for claims that the Member had prior knowledge of before opting to join the RPA

- v) for claims or incidents that the Member was aware of but were not notified by the Member to the relevant insurer before the relevant policy expiry date (or where a discovery period applies to a policy, the discovery period)
- vi) for claims related to a class of insurance where the Member had opted not to purchase an insurance policy

6. Multi academy trusts

Multi academy trusts (MATs) are permitted to join the RPA in a phased manner where some academies in the MAT still have commercial insurance contracts in place, subject to a commitment from the MAT that all academies in the MAT will join RPA as soon as their existing insurance arrangements expire.

MATs with a PFI Academy need not make such a commitment in respect of the PFI Academy where the terms of the PFI require the academy to take part in the PFI contractor's insurance arrangements. All other academies in the MAT that are not PFI Academies must join the RPA or join as soon as their existing insurance arrangements expire.

Where applicable RPA cover will apply to the central infrastructure of the MAT with effect from the date the first academy in the MAT joins RPA and subject to there not being an insurance contract in place covering the MAT central infrastructure.

Claims Guidelines

General

The following Claims Guidelines shall apply to all Sections inclusive unless stated otherwise. The claims process will be administered by the Third Party Administrator (TPA).

Action by the Member

1. Claims intake

Claims will be accepted by the TPA regardless of the method used to notify the claim.

i) Dedicated TPA portal

An online portal is available for Members to notify claims directly to the TPA.

www.rpaclaimforms.co.uk

Members will receive instructions for access and use upon joining the RPA and will be required to log in with required information.

Members are encouraged to utilise the dedicated TPA portal to notify claims in keeping with the “digital by default” ethos.

The aim of the dedicated TPA portal is to ensure quick notification and to provide for easy transmission of documentation and contact particulars which will assist the TPA to manage claim costs and risk for all Members.

ii) Post, email and telephone

Claims can also be sent to the TPA by post, email or telephone:

TopMark Claims Management Ltd

160 Bath Street

Glasgow

G2 4TB

Email: rpa@topmarkcms.com

Telephone: 03300 585 566

iii) The Claims Portal

There is another route by which third parties can make low value personal injury claims directly. This is through a mechanism called “The Claims Portal” which exists outside the

RPA. It is important that claims notified through this mechanism are identified early by the TPA to contain cost.

The TPA will administer The Claims Portal as it relates to the RPA and Members are encouraged to highlight through their website appropriate messaging for third party claimants who elect to notify claims in this way.

The following messaging is suggested.

“We operate under the Risk Protection Arrangement (RPA) administered by the DfE, eligible claims can be sent using portal ID D00073. The compensator should be marked as “Department for Education – RPA only”.

2. Co-operation

Members should provide all reasonable levels of co-operation with the TPA in such areas as but not limited to the provision of information and documentation, access for investigation, and support for litigation. The aim is to contain claim cost for all RPA Members.

Where the TPA deems that they are not receiving a reasonable level of cooperation they will endeavour to resolve this in the first instance with the Member.

In the event that the situation is unresolved the TPA is bound to report this to the RPA Administrator who will consider whether there has been a breach of the Rules.

The TPA will take all reasonable steps to engage with and assist Members.

3. Notification of Claims

In the event of an occurrence that may give rise to a claim or legal proceeding under the RPA the Member shall:

- i) as soon as reasonably practicable notify the TPA of such occurrence and provide details and information as the TPA requests;
- ii) immediately:
 - a) send to the TPA every letter, claim, writ, summons or process connected with it
 - b) notify the TPA of any impending prosecution, inquest, fatal inquiry or proceedings in any court;
- iii) as long as the TPA may reasonably require
 - a) retain anything connected therewith;
 - b) provide all co-operation and assistance

- iv) promptly take at their own expense, all reasonable steps to prevent other personal injury or property damage arising out of the same conditions, but such expense shall not be recoverable under this Arrangement unless specifically provided for

4. Admission of Liability

The Member shall not:

- i) admit liability
- ii) act in a way that may be construed as an admission of liability
- iii) repudiate or settle any claim or legal proceeding
- iv) waive any rights of recovery

without the prior written consent of the TPA

Action by Third Party Administrator (TPA)

1. Receipt of claims

The TPA is responsible for taking receipt of all claims notifications from individual Members in the first instance. If legal representation is required, this will be managed through the TPA.

The TPA will handle claims in accordance with a Service Level Agreement (SLA) with the RPA Administrator. The SLA will be available on the Claims Portal and include detail about what the Members can expect from the TPA in terms of management of the claim.

2. Conduct and control of the claim

The RPA Administrator through the TPA shall have the right to:

- i) defend any claim relating to any matter under this arrangement or legal proceeding against the Member
- ii) take over and conduct the defence or settlement of any claim or legal proceeding
- iii) take and permit to be taken all necessary steps for enforcing rights against any other party in the name of the Member before or after any payment is made by the RPA Administrator

In the event of a claim arising under the RPA the RPA Administrator agrees to waive any rights, remedies or relief to which they might become entitled by subrogation against any Member where the RPA operates to cover the loss.

- iv) exercise full discretion in the conduct of any legal proceedings and in settlement of any claim or legal proceeding, whether before or after indemnification by the RPA Administrator.

3. Terms validation

The TPA will assess whether the claim is within the scope of the Rules.

In the event that a claim is deemed not to be covered by the Rules, then it will be referred to the RPA Administrator for a decision on whether the claim is covered.

The TPA will reserve the position with the Member at the point of referral.

The decision of the RPA Administrator will be communicated to the Member by the TPA within 15 working days of referral to the TPA by the Member.

Members may request a review of the RPA Administrator's decision. If they wish to pursue this option then this should be put in writing via the TPA detailing the basis of the request for review.

The TPA will notify the RPA contract manager who will refer the matter to an independent senior civil servant for review.

If the dispute remains unresolved between the Member and the RPA Administrator the matter will be referred to a single arbitrator to be appointed by agreement between the parties or in default of agreement upon the application of either party to the President of the Chartered Institute of Arbitrators. The seat of the arbitration shall be England. The arbitration shall be governed by both the Arbitration Act 1996 and Rules as agreed between the parties.

4. Complaints

In the event of a complaint by a Member about the TPA's handling of a claim this is to be put in writing at first instance to the TPA.

The TPA will acknowledge receipt of the complaint within two (2) working days.

The acknowledgement will identify the person dealing with the complaint, or advise to whom the complaint should be redirected, and advise the person making the complaint when they can expect to receive a response.

The TPA will maintain a log of such complaints for the RPA Administrator.

The TPA will respond formally to any such complaint within fifteen (15) days of receipt.

If there is any reason why these timescales cannot be met, this will be communicated to the complainant.

The response will outline the findings and any action taken, for example, that an investigation has been carried out.

Where a complaint remains unresolved at TPA branch management level, on written request of the Member it will be escalated to the Managing Director of the TPA in the final instance for review.

The TPA will acknowledge the escalation to the Member within 5 working days and a final written response will be delivered within 10 working days from the request for a review.

If the Member is not happy with the response to its complaint from the TPA, it should forward details in writing to the RPA Administrator.

5. Fraud

If a claim is fraudulent in any respect or if fraudulent means are used by the Member or by anyone acting on behalf of the Member to obtain any benefit under the RPA or if any loss or destruction of or damage be occasioned by the wilful act or with the connivance of the Member all benefit under this RPA shall be forfeited.

The TPA will notify the RPA administrator in any case where fraud is suspected and will act pursuant to the instructions of the RPA Administrator.

6. RPA Administrator's Rights Following a Claim

On the happening of loss or damage in respect of which a claim is made the RPA Administrator and any person authorised by the RPA Administrator may without thereby incurring any liability or diminishing any of the RPA Administrator's rights under the RPA enter take or keep possession of the premises where such loss or damage has occurred and take possession of or require to be delivered to the RPA Administrator any property and deal with such property for all reasonable purposes and in any reasonable manner. No property may be abandoned to the RPA Administrator whether taken possession of by the RPA Administrator or not.

The aim is to maximise and secure the benefit of any salvage for Members. The intention is to liaise with Members about the best way to achieve this and to do so in a way that avoids or minimises any exclusion of access for Members.

7. Subrogation and Waiver of Rights

Any Member making a claim under the RPA shall, at the request and expense of the RPA Administrator, take all reasonable and necessary steps and give assistance as directed by the RPA Administrator (such as collating relevant evidential material and making available for interview and possible attendance at court potential witnesses) to enable the RPA Administrator to assess settle or defend any claim against the Member

which relates to its claim under the RPA or to enforce rights against any other party in the name of the Member before or after any payment is made by the RPA Administrator in relation to the Member's claim.

The RPA Administrator shall, at their discretion and at any stage in the court process, be entitled to take over conduct and control of any claim, defence or other legal proceeding relating to the Member's claim under the RPA in place of the Member.

Any Member who unreasonably fails to provide assistance and take necessary steps as directed by the RPA Administrator in respect of any claim may have part or all of any benefit under this RPA forfeit.

In the event of a claim arising under the RPA the RPA Administrator agrees to waive any rights remedies or relief to which they might become entitled by subrogation against any Member where the RPA operates to cover the loss.

8. Payments on Account (not applicable to Section 2)

The TPA on behalf of the RPA Administrator may provide for reasonable payments on account if the Member so requests.
