

## MyVoice

MyVoice is a reporting system that we are using in school to report and record any safeguarding concerns. This platform provides a secure way of reporting safeguarding concerns, will assist us with early intervention and help us to provide better support for anyone who needs it.

Any report made to MyVoice will send an automatic alert straight to our safeguarding team. A member of the team will be able to read and take the relevant action in a timely manner.

Below I have included a reminder of the link and QR code for **parents or carers** wishing to report a concern.

In addition to the parent/carer reporting option, we also have a way of pupils reporting concerns related to themselves or others.

The link and QR code for **pupils** is included below.

Please feel free to contact myself or the admin team if you have any queries or issues using the links.

Kind regards
