Year 7 Key Stage 3 Design Technology contribution

Dear Parents/Carers,

During the next 3 years your child will be using wood, metal, plastic, fabrics and other soft materials during their Resistant Materials and Textiles lessons. These materials have cost each pupil approximately £30 in the past.

In an effort to streamline the collecting of money for the Key Stage 3 Technology projects and to try to make this as cost effective as possible for you, we would be grateful if you could make a single payment of £15 as a voluntary contribution towards the cost of these materials. This will cover the **whole 3 years** of projects in Textiles and Resistant Materials, so we will not ask for any additional contribution in KS3. Payments can be made via the Shop section of Arbor and are voluntary.

If you have any concerns regarding this or Design Technology, please do not hesitate to contact me at school.

Please note that this is the only donation that we will ask for during Key Stage 3 Design Technology.

Yours sincerely,

Rhiannon Bird
Subject Lead in Design Technology
